

FOLIO

THE UNIVERSITY OF ALBERTA STAFF BULLETIN

EDMONTON, ALBERTA

DECEMBER 14, 1972

BOARD OF GOVERNORS

By FOLIO Staff

The University Board of Governors and its Executive Committee met November 24 and December 1, 1972.

1978 COMMONWEALTH GAMES

A report by the Board's Policy Committee on the Commonwealth Games was approved by Board members.

The Committee's three members—GERALD RISKIN, Chairman and Students' Union representative; W. D. NEAL, Vice-President (Planning and Development); and C. KOSOWAN, Alumni Association representative—recommended that the Board support the principle of co-operation between the Commonwealth Games Foundation and the University.

The Board also agreed to establish a Games Committee with equal representation from the administration, academic staff, non-academic staff, undergraduate students, and graduate students. The committee, whose members have not yet been named, will consider all requests relating to University involvement in the Games, such as finances, use of land and facilities, and use of human resources. Committee recommendations must receive Board approval before they may be implemented.

Members also voted to authorize Dr. Neal to undertake, with the Foundation, a feasibility study on the use of University facilities. The study will consider the use of the Lister Hall complex as the Games Village; the use of the Physical Education Centre for training and treatment; use of other campus facilities for offices and officials' residences; and the use of security and transport services and parking facilities. The results of the study will be referred to the Board's Games Committee.

ACCESS TO OPERATING BUDGET

Earlier this year the Finance Committee of the Board agreed that copies of the 1972-73 Operating Budget should be distributed to appropriate individuals within the University, as well as to the Students' Union, the Graduate Students' Association, the Non-Academic Staff Association, the Association of Academic Staff, and the General Faculties Council committee studying University Priorities and Budget Allocation, 1973-74.

Committee members also agreed a summary

of the budget should be prepared and made available to any interested parties, including news media.

Requests have, however, been made by other groups for unabridged copies of the Operating Budget. The Board agreed the detailed Budget should be a matter of public record but, because of the cost involved, further distribution would be accomplished by placing copies in the University Library and the main Public Libraries.

ADMINISTRATION REVIEW COMMITTEE

The Board received, for information, an interim report by A. D. MC TAVISH, Chairman of the Administration Review Committee.

The Committee, which was struck to make recommendations on the allocation of the University budget, is considering whether it may be possible for various departments at the University to be run more efficiently without sacrificing the quality of the operations. Another Committee report to the Board is expected in January.

RESPONSE TO WORTH REPORT

Board members approved a response to the Commission on Educational Planning prepared by MRS. D. MC CULLOUGH, H. KREISEL, W. D. NEAL, and M. A. ADAM.

The response deals only with selected aspects of the report. A summary follows:

Universities Commission

The Board recommends that a re-organized commission-type structure be developed in place of the present Universities Commission. It would be comprised of representatives of the public, the Department of Advanced Education, and the colleges and universities in the province. The new body would be concerned with the allocation and co-ordination of resources, as well as with the planning of alternatives to long-term government policies. Board members agreed the new structure should be able to draw upon "an adequate planning and research staff, something which has been badly lacking up to this point with the Universities Commission."

Board of Governors

The Board takes issue with the Commission's criticism of the way in which the Board carries out its responsibilities, stating that "an examination of the changes in Board procedures will reveal a steady growth towards responsible participation, which is one of the central ideas of the Worth Report."

They suggest that no changes be made in the selection of Board members by staff and students, but that formal procedures be established for the selection of lay members. They do not, however, favor the elections system used by the school boards.

They also believe the Chairman should be elected by the Board, rather than appointed separately.

The Role of the University

The Board recognizes the importance of being part of an integrated system of higher education in Alberta but believes "it is in the best interest of the educational process if individual institutions can act autonomously in the development of programs that are approved within the context of a provincial system as a whole, and provided always that the institution must be properly accountable to the public."

Composition of Students

The Commission's recommendations to reduce the number of first-year students and to concentrate more on the profession-oriented programs are rejected by the Board, who feel that a proper balance must be maintained in both areas.

Continuing Education

In response to the Commission's recommendations regarding continuing education, the Board points to the University's Department of Extension which "has always played an important role in continuing general education and will go on doing so," and to the professional faculties that are already offering expanded services, despite the fact that the per student grant does not take these activities into account.

University Financing

The Board states the present system of formula financing works well enough in an expanding or steady-state system but does not take into account the problems posed by declining enrolments. It says a new formula should be developed that would recognize it is more difficult to decrease the scale of operations than it is to increase them.

Student Fees

The Commission proposed in its report that student fees be set at 25 percent of program cost. The Board response requests the government "not to tamper with the fee structure until an in-depth study of all ramifications has been made."

SPACE RESEARCH FILMS HERE

A significant collection of forty 16mm films dealing with space research has been deposited with the Educational Media Division of the Department of Extension.

In the past, the only source in Canada for these films has been the National Science Film Library in Ottawa. Because of the growing interest in Canada in space research, astronomy, and satellite technology, the National Aeronautics and Space Administration has designated the Educational Media Division as their western Canadian distributor.

The film subjects include reports on the Mercury, Gemini, and Apollo space flights, space navigation, uses of research satellites, life support systems, astronomy, and astrophysics.

VISITORS

Recent visitors to the Faculty of Business Administration and Commerce were RICHARD WEST, Dean of the School of Commerce, University of Oregon, and ALLEN KRAUS of Stamford University.

G. S. SPEERS, Manager, Computer Services, Interprovincial Pipe Line Company, Edmonton, gave a colloquium to the Department of Computing Science.

Recent visitors to the Department of Physics were L. J. LANZAROTTI of Bell Telephone Laboratories, Murray Hill, New Jersey, and D. Y. SMITH of the Solid State Division of Argonne National Laboratory. Both visitors gave colloquia to the Physics Department. J. W. MC GOWAN of the University of Western Ontario presented a colloquium to

the department, while recent seminars were presented in solid state physics by M. GROSMANN of the University of Strasbourg, Austria, and D. GUBBINS of CIRES, University of Colorado.

PEOPLE

G. L. BERRY, Chairman of Secondary Education, will be on sabbatical leave January 1 to June 30, 1973. During that period TETSUO AOKI, Professor of Secondary Education, has agreed to serve as Acting Chairman.

JUANITA CHAMBERS, Professor of Educational Psychology, will serve as Acting Chairman of her Department during the absence of W. H. O. SCHMIDT from December 18 to January 11, 1973.

KAROL KROTKI, Professor of Sociology, attended a meeting of the Board of Directors of the Quantitative Data Clearing House for the Social Sciences. The Clearing House is sponsored by the Association of Universities and Colleges of Canada.

NAOMI HERSOM, Associate Professor of Elementary Education, attended a planning meeting at the Ontario Institute for Studies in Education for the inauguration of a Curriculum Association of Canada.

Papers were presented at the Fall Meeting of the Canadian Natural Gas Processing Association in Calgary by Professors I. G. DALLA LANA, F. D. OTTO, and D. B. ROBINSON, all of the Department of Chemical and Petroleum Engineering.

D. E. SEBORG, Associate Professor of Chemical Engineering, presented two papers at the Annual American Institute of Chemical Engineers Meeting held in New York. The papers were co-authored by D. G. FISHER, Professor of Chemical Engineering, and by former graduate students of the Department, W. K. OLIVER and R. B. NEWELL.

CELESTIN SUCHOWERSKY, Assistant Professor of Slavic Languages and the Slavic language specialist of the University Library, is attending the Ukrainian National Council conference in London, England. The future policy of the organization will be discussed. The conference will bring together representatives of all the Ukrainians in the free world. He is the first westerner to be elected as the Vice-President of the Ukrainian Canadian Congress.

GORDON ROSTOKER, Assistant Professor of Physics, recently visited the University of Victoria where he delivered a colloquium to the Department of Physics.

The Theory of Positive Disintegration, developed over the past 30 years by KAZIMIERZ DABROWSKI, Visiting Professor of Psychology, will be re-examined at the Second International Conference on Positive Disintegration to be held at Loyola College December 27 to 31. This

conference is presented in collaboration with The University of Alberta and Laval University. According to the theory, psychic instability and fragmentation as evidenced in nervousness and psychoneurosis are not, in a great majority of cases, pathological phenomena. Instead, they reflect the process of transition from lower to higher levels of functioning. During the conference, new possibilities of the development of the theory will be discussed in light of research work carried out.

A project to investigate "Factors controlling the motility of the human oviduct" has been funded by the World Health Organization under their expanded program in human reproduction. Investigators in this project will be D. M. PATON, E. E. DANIEL, and R. M. HENDERSON of the Department of Pharmacology, and R. P. BECK of the Department of Obstetrics and Gynaecology. Dr. Paton is a member of the World Health Organization Task Force on Methods for the Regulation of Ovum Transport.

CLIFTON YOUNG, Associate Professor of Business Administration and Commerce, was visited by HECTOR KITSCHA, Director of Development for Cutler-Hammer Ltd., to discuss Professor Young's recent research for the Industrial Relations Institute (IRI). As a result of the visit, Professor Young will receive a research grant. He will also have an article in the IRI journal, *Research Management*, and an opportunity to speak at the IRI conference in 1973.

SEHA TINIC and BOYD HARDEN, both Associate Professors of Business Administration and Commerce, were selected by the Alberta Minister of Telephones and Utilities to investigate the feasibility of supplying natural gas to rural Alberta. Their report was submitted to the minister and is now being studied by the provincial cabinet.

S. P. SINGH, Associate Professor, and VIRENDER KRISHNA, Sessional Lecturer, both of the Faculty of Business Administration and Commerce, have had a paper accepted for publication in the *Journal of Business Administration*.

ABRAM G. KONRAD, Associate Professor of Educational Administration, has been appointed for a three-year term to the Mountain Plains Regional Council of the American Association of Higher Education.

NOTICES

'FOLIO' HOLIDAY SCHEDULE

During the Christmas season, FOLIO will publish on Thursday, December 21 (deadline: Friday, December 15), and on Thursday, January 4 (deadline: Thursday, December 28).

FOLIO

THE UNIVERSITY OF ALBERTA, EDMONTON, ALBERTA

Published every Thursday for the staff and interested persons by the University Publications Office. Copyright 1972.

VACANCIES ON COMMITTEES OF GENERAL FACULTIES COUNCIL

The following notice was received from
MISS PAT HOWLETT, Secretary of the
Nominating Committee.

Over the next few months vacancies will
occur for academic and administrative staff
and graduate and undergraduate student
members on the standing and *ad hoc*
committees of General Faculties Council. The
standing committees where vacancies will occur
are listed below:

Committee	Staff	Student vacancies	
	Vacancies	Members	Alternates
Academic Development	1	2	
Administrative and Professional Officers	2		
Admission Requirements	1	2	
Calendars	1	2	
Campus Development	1	2	
Campus Security			
Services Policy	3	3	
Colleges Committee	2		
Computing Facilities and Policy	1	2	
Conference Funds	1		
Course Registration Procedures	2	3	
Housing and Food Services	1	6	
Library	1	2	
Parking Appeals		2	2
General Promotions and Salaries		1	
Handbook Appeals on Promotions and Salaries	2		
Radio and Television	2		
Committee on Research		1	
Summer Session and Evening Credit	1		
Investigation of Teaching	1	4	
Tenure Appeals	1		1
Timetabling Policy	1	2	
Undergraduate Scholarship	1	2	
Universities Act Review	2		
University Collections		1	1
University Planning		2	

All full-time and part-time members of the
academic staff, the non-academic staff, the
graduate students and the undergraduate
students of the University are eligible for
election to these committees, and membership
is not restricted to members of General
Faculties Council. The terms of office for
staff members are for periods up to three
years commencing July 1, 1973. The terms of
office for student members are for one year
commencing May 1, 1973. Members who wish
to serve a subsequent term of office may be
nominated for re-election.

The Nominating Committee will be pleased
to hear from staff members and students who
have suggestions for nominations or who would
be interested in serving on the committees of
General Faculties Council. Interested persons
should contact Miss Howlett, 2-1 University
Hall, telephone 432-4965.

TASK FORCE ESTABLISHED

The Executive Committee of the Senate has
voted to establish a Task Force on Physical

Planning. A study will be made of the nature
of the University's physical growth, including
architecture, siting, historical buildings,
transport, and general University expansion.

Questions, suggestions, and submissions
should be directed to BILL THORSELL, Executive
Officer of the Senate, Room 5-8S Engineering
Centre II, telephone 432-1268.

PARKING

Non plug-in parking space is available on
campus. Interested persons should enquire in
person or by telephone at the Parking Office,
Room 106 Printing Services Building, 432-3811.

TWO MORE DEPARTMENTS MOVE

Two more departments in the Faculty of Arts
have moved to new quarters. The main office
of the Department of Classics is now located
in Room 1-17 of the Humanities Centre. The
telephone number is 432-1338. Religious Studies
has moved to 1-34 Humanities Centre and can
be reached by telephoning 432-1172.

YOUTH ORCHESTRA REQUIRES CONDUCTOR

Applications are invited for the position of
Conductor for the Edmonton Youth Orchestra
for the 1973-74 season.

This is an orchestra consisting of 80 to 100
musicians who represented Canada at the
International Festival of Youth Orchestras in
Lausanne, Switzerland this summer.

Saturday morning rehearsals have been
conducted on a weekly basis commencing late
September and continuing into May.

Applications should be submitted to MRS.
DELLA ROLLAND, Manager, Edmonton Youth
Orchestra, 10936 88 Avenue, Edmonton.

INTERNATIONAL CHRISTMAS

The Inter-Varsity Christian Fellowship is
again sponsoring a Banff International
Christmas which will bring together about 200
foreign and Canadian students to ski, skate,
enjoy each other's fellowship, and share a
traditional Canadian Christmas.

The Fellowship would welcome any faculty
members who would like to spend Christmas
with them during their vacation for the period
December 21 to 26. Those interested are asked
to telephone BOB GARDNER at 433-4916 for
further information.

CANADA COUNCIL PUBLICATION HELPS PHDs

A publication designed to help find jobs for
students nearing completion of their doctorates
is being mailed out this week by the Canada
Council to potential employers across Canada.

The 1972 edition of the *Annual Directory of
Doctoral Fellowship-holders* lists 1,045 students
in the third or fourth year of their doctoral
studies in the humanities and social sciences.

The list was drawn up from responses to a
questionnaire mailed out late last May to 1,365

holders of Canada Council fellowships and
includes only those who indicated that they
would be available for employment.

The Directory is being mailed to more than
1,000 potential employers of PhDs, including
deans and department heads at Canadian
universities, private firms, and personnel
officers in the public service. Copies are also
being sent to Canada Manpower Centres across
the country and to the Association of
Universities and Colleges of Canada.

THIS WEEK AND NEXT

Listings must reach the Editor by 9 a.m. the Friday
prior to publication. Written notification is preferred.
Compiled by NORMA GUTTERIDGE, 432-4991.
